#### For students requesting a leave of absence/not returning for a required semester

- I understand that because I am not returning to school for a required term, Monroe College is required to terminate my SEVIS record. I have made arrangements for an immediate departure from the U.S. and I will remain outside of the U.S. until I can lawfully enter once again.
- If I plan to return within five (5) months of my departure date from the U.S., I have the option to contact Monroe College to request that my SEVIS record be **reactivated** so that I may re-enter on my current Form I-20. I understand that I must make this request in writing to a *Designated School Official (DSO)* at Monroe College. I can submit my request once I am within 60 days of the start date of the next semester. I will not re-enter the U.S. until I have confirmed with a DSO that my Form I-20 is ACTIVE once again and I am within 30 days of the next semester start date.
- If my time outside the U.S. goes beyond five (5) months, I am required to apply for a new Form I-20 and a new F-1 visa (if expired) and would be responsible for all related fees. I will not re-enter the U.S. until I have received both of these documents and I am within 30 days of my program start date.
- Please be advised that your decision to depart the U.S. means that you may forfeit your eligibility for the 12-month Optional Practical Training benefit. Additionally, if you intend to return to New York for the graduation ceremony in June, it may be necessary for you to present a valid visitor (tourist) visa at the airport for entry into the U.S.
