

CULINARY ARTS & BAKING AND PASTRY ARTS

Degree Type

Associate Degree

Culinary Arts

Associate Degree

Baking and Pastry Arts

It doesn't get more hands on than in Monroe's Culinary Arts Program. Chef instructors with years of experience teach cooking and baking techniques, covering topics such as nutrition, food handling and safety measures, and given that it is a rising concern among chefs, restaurateurs, and consumers — how food is grown.

Every culinary class is taught in our award-winning culinary arts center. Students will be given the opportunity to intern in our student run Dining Lab Restaurant and Pastry Kiosk where you will feel the charge of creating food that exceeds expectations. At the Culinary Institute of New York at Monroe University, students can expect to feel the heat of a working kitchen well before they graduate.
