// Monroe's School of Business and Accounting was very accommodating in offering a flexible schedule. I was able to work during the day, take my classes at night and online, and finish my degree in less time than I thought possible. //

Working Professional

// I knew I wanted to study in New York because there are so many opportunities available. I also wanted to get my degree as soon as possible. Monroe offered the advantage of the MAP program and is only 30 minutes from the city. It was a perfect fit. //

International Student

// When I first started at Monroe, I wasn't sure about the MAP schedule because I wanted summers off. But I was able to graduate before my friends and I still had the entire month of August to spend with my friends and family. //
