Monroe College provides professional, career oriented higher education to students from diverse backgrounds. We proudly offer access and opportunity to motivated students who desire to enrich their lives in a personalized and supportive environment. We provide caring and effective teaching and sustain faculty who are passionate, knowledgeable, and dedicated to student success. We build on these strengths to prepare graduates for successful careers.

Associate degree graduates have more opportunities for career advancement and can attract higher salaries than high school graduates. Students enrolled in the Criminal Justice associate’s degree program are required to complete credits in career-oriented courses like policing, corrections, social work, child welfare, substance abuse counseling and investigation, building the foundation for a career in Criminal Justice.

100% of Monroe’s Criminal Justice faculty members are experts in their fields, with substantial professional accolades. Many of them continue to be trailblazers while serving as members of the faculty.

### Student Testimonials

---

**I got a job right after high school and thought that I would never be able to go to college. When I learned that I could take classes at night, on the weekends, and online, I knew I could make it work. The MAP program even helped me to get my degree in less time.**

---

**The idea of working within the U.S. legal system always appealed to me. Coming from another country, though, I was nervous about the adjustments I’d have to make. Monroe made it easy to transition and now I’m working towards a degree that will help me achieve my goals.**

---

**When I first started at Monroe, I wasn’t sure about the MAP schedule because I wanted summers off. But I was able to graduate before my friends and I still had the entire month of August to spend with my friends and family.**
